### CPP Super Circle for RV

**Target: Latitude: 29° 52' 3.59" N Longitude: 31° 12' 31.80" E**

Feel free to invoke a guide to move through this with you. If you do so, this will be who you point your inquiries towards. If not - assume your Higher Self (HS) is your Guide. In this case - you can inquire with your HS or simply be embodying yourself (seeing through your own eyes, said another way) and dialogue/inquiring/directing with your Self.
